

Schoology, I-Ready and More Online Resources

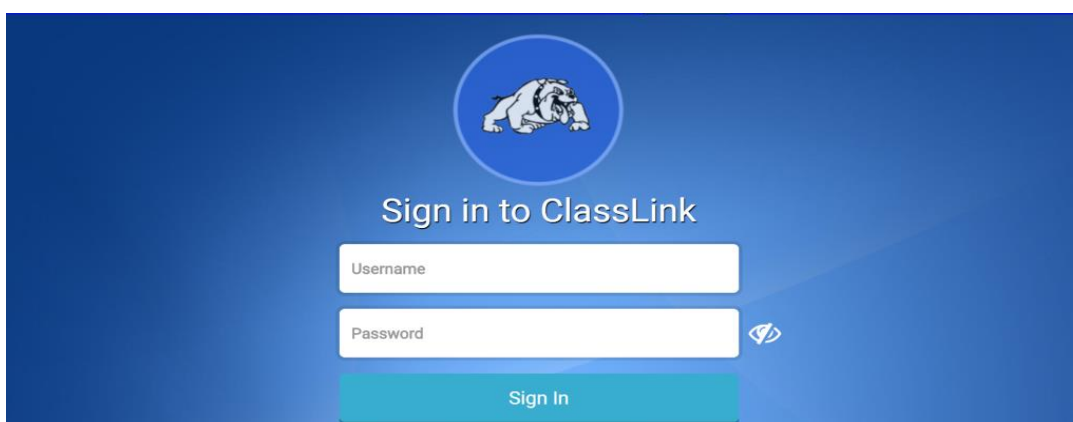

Sullivan West students, pre-K-12 all have the ability to access their I-Ready and or Schoology accounts from home, as well as other school recommended educational resources. Below are the steps you can take to finding those resources. If any student needs their username and password or has other tech related questions, please call our Tech Hotline at 845-807-8917. Thank you.

STEP 1: Go to our District Website www.swcsd.org

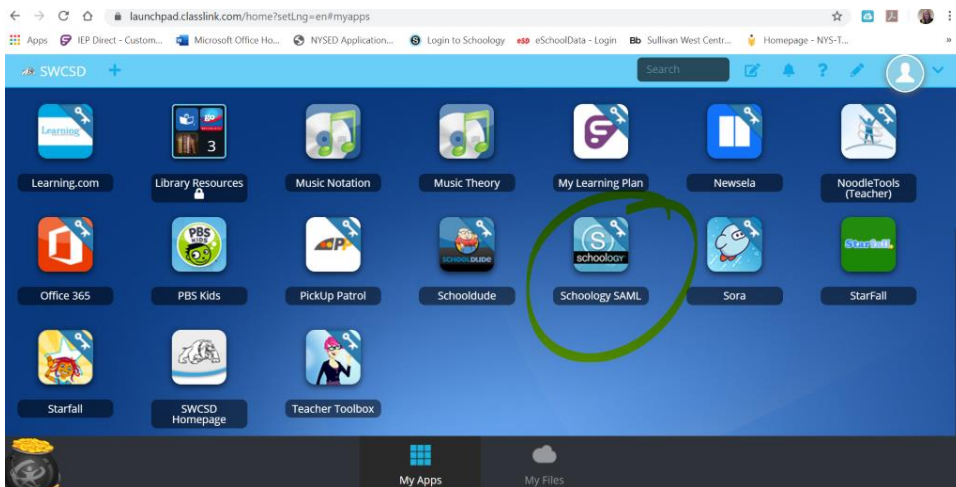

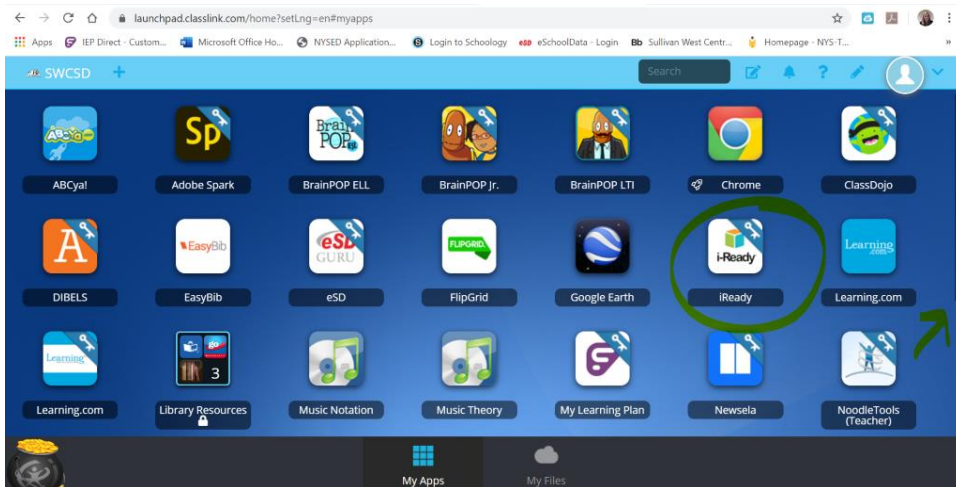

STEP 2: Locate ClassLink in the upper righthand corner and click on it.

STEP 3: Student may enter their username and password. Many students use ClassLink in school and will readily know their information. If not, please call our Tech Hotline

STEP 4: Here the launch pad will come up and display educational apps your student has access to. If there is a key symbol the student will need their username and password for that individual app. Scroll down to ensure you are viewing all apps.

Questions? Please call 845-807-8917.
