February 7, 2024

Good evening, Bulldogs,

We understand that there is a court document circulating that is causing many parents concern and would like to provide some context and understanding to that document.

Last week's threat was deemed non-credible by Law Enforcement, and we were informed that there was no immediate threat to our schools. While non-credible, the content was concerning, and all threats are taken seriously. Since this incident, actions were taken out of an abundance of caution. Law Enforcement worked with the District Attorney's Office on an Extreme Risk Protection Order. This Order is a temporary order that prohibits someone from purchasing or having firearms in their possession. The District Attorney took this additional measure, and we banned the parent who made the threat from our campus.

I understand your concerns as a parent. We want you to feel that your child is safe while with us at school. We continue to be in contact with the District Attorney's Office and the Sheriff's Office to ensure we have the most up to date information.

I can assure you, through work with our Sheriff's Office, that at no time was there an immediate threat to our school last week nor is there now. If anything changes to the safety status of our schools, I will send a communication.

Thank you,

Kathleen Bressler

Kathleen Bressler, Ed.D
