SUBJECT: DIGNITY FOR ALL STUDENTS ACT

The Board of Education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of harassment, bullying and discrimination. Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the District will strive to create an environment free of harassment, bullying and discrimination and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the District's educational mission. Since “cyberbullying” is a form of bullying, the term "bullying" as used in this policy will implicitly include cyberbullying even if it is not explicitly stated.

“Employee” means any person receiving compensation from a school district or employee of a contracted service provider or worker placed within the school under a public assistance employment program, pursuant to title nine-B of article five of the Social Services Law, and consistent with the provisions of such title for the provision of services to such district, its students or employees, directly or through contract, whereby such services performed by such person involve direct student contact.

group, religion, religious practice, disability, sexual orientation, gender or sex.

"Harassment or bullying” means the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that either: (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional and/or physical well-being, including conduct, threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause emotional harm; or (b) reasonably causes or would reasonably be expected to cause physical injury to a student or to cause a student to fear for his or her physical safety. The foregoing definition includes acts of harassment or bullying that occur: (i) on school property; and/or (ii) at a school function; or (iii) off school property where such acts creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. Acts of harassment and bullying include, but are not limited to, acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex. For the purposes of this definition the term "threats, intimidation or abuse” shall include verbal and non-verbal actions.

“Cyberbullying” means harassment or bullying as defined immediately above, where such harassment or bullying occurs through any form of electronic communication.

“Emotional Harm” that takes place in the context of “harassment or bullying” means harm to a student’s emotional well-being through the creation of a hostile school environment that is so severe or pervasive as to unreasonably and substantially interfere with a student’s education.

Harassment, Bullying and Discrimination Against Students Prohibited

The Board condemns all forms of harassment, bullying and discrimination. No student shall be subjected to harassment or bullying by employees or students on school property or at a school function (or off school property, as set forth in this policy, to the extent consistent with applicable law); nor shall any student be subjected to discrimination based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or students on school property or at a school function. However, this shall not be construed to prohibit a denial of admission into, or exclusion from, a course of instruction based on a person's gender that would be permissible under Section 3201-a or Section 2854(2)(a) of the New York Education Law and Title IX of the Education Amendments of 1972 (20 U.S.C. section 1681, et. seq.), nor shall this be construed to prohibit, as discrimination based on disability, actions that would be permissible under section 504 of the Rehabilitation Act of 1973.
